

FACT SHEET

DBE use to date -- design and construction

The following Disadvantaged Business Enterprise companies certified in either Missouri or Illinois have received subcontracts as part of either the design phase or construction of the Mississippi River Bridge projects. So far, 66 different DBE companies have received contracts to provide about \$56 million in design or construction services. There are more than 30 construction projects needed to build the Mississippi River Bridge. Currently, eight have been awarded.
