

Title Page

Summary

- A. Brief Project History** S-1
- B. Project Purpose** S-2
- C. Project Need** S-2
 - 1. Traffic Capacity and Travel Efficiency S-2
 - 2. System Linkage and Community Access S-3
 - 3. Traffic Safety S-3
 - 4. Economic Growth and Development S-4
- D. Affected Environment** S-4
- E. Alternatives** S-4
 - 1. Downtown Traffic Control S-5
 - 2. Transit Pricing S-5
 - 3. Build Alternative S-5
 - 4. Toll Financing S-9
- F. Environmental Effects** S-10
- G. Other Federal Actions** S-13
- H. Project Cost and Schedule** S-14

Abbreviations

- A. Entities** A-1
- B. Terms** A-2
- C. Units of Measure** A-4

Chapter 1: Purpose and Need for Action

- A. Project Purpose** 1-1
- B. Project Need** 1-1
 - 1. Traffic Capacity and Travel Efficiency 1-3
 - 2. System Linkage and Community Access 1-5
 - 3. Traffic Safety 1-7
 - 4. Economic Growth and Development 1-8
- C. Project History** 1-9
 - 1. Stage I Location Study 1-10
 - 2. Stage II Major Investment Study 1-11

Chapter 2: Affected Environment

- A. Social/Economic** 2-1
 - 1. Population 2-2
 - a. Race and Age Characteristics 2-2
 - b. Housing Characteristics 2-9
 - 2. Economic 2-11
 - 3. Neighborhoods 2-13
 - 4. Public Facilities/Services 2-13
 - 5. Highway Data 2-15

6.	Land Use Planning and Development	2-15
7.	Agricultural	2-17
B.	Cultural	2-17
1.	Illinois	2-17
2.	Missouri	2-17
C.	Air Quality	2-21
1.	Summary of Air Quality	2-21
2.	Air Quality Monitoring	2-23
3.	Pollutant Standards Index	2-24
D.	Noise	2-24
1.	Noise Abatement Criteria	2-24
2.	Existing Noise Levels	2-25
E.	Natural Resources	2-26
1.	Geology and Soils	2-26
	a. Bedrock and Structural Geology	2-26
	b. Surface Geology and Topography	2-26
	c. Soils	2-30
	d. Seismicity	2-32
	e. Mineral Resources	2-32
2.	Groundwater Resources	2-35
	a. Aquifer Characteristics	2-35
	b. Water Quality	2-40
3.	Terrestrial Vegetation and Wildlife Habitat	2-45
	a. Terrestrial Plant Communities	2-45
	b. Wildlife Habitat	2-48
4.	Threatened and Endangered Species	2-52
	a. Federally-Protected Species and Listing Status	2-53
	b. Potential and Documented Project-Area Occurrences of Federally-Listed Species	2-54
	c. State-Protected Species and Listing Status	2-60
	d. Potential and Documented Project-Area Occurrences of State-Listed Species	2-63
F.	Surface Water Resources/Water Quality	2-68
1.	Water Resources	2-68
	a. Mississippi River	2-69
	b. Other Riverine Systems	2-70
	c. Ponds and Lakes	2-73
2.	Water Quality and Sediment Chemistry	2-73
	a. Water Quality Standards	2-73
	b. Surface Water Quality	2-74
	c. Sediment Composition and Chemistry	2-77
3.	Aquatic Habitats	2-80
	a. Fisheries Resources	2-80
	b. Mussels	2-83
	c. Macroinvertebrates	2-83

G.	Floodplains	2-84
H.	Wetlands	2-87
1.	Project-Area Wetland Delineations	2-87
2.	Wetland Classifications	2-87
3.	Wetland Functions	2-88
4.	Existing Wetland Resources	2-91
a.	Floodplain Forest	2-91
b.	Wet Shrubland	2-91
c.	Marsh	2-94
d.	Wet Meadow	2-94
e.	Ponds	2-94
I.	Special Waste	2-95
J.	Special Lands	2-108
1.	Illinois Parks	2-109
2.	Missouri Parks	2-109
K.	Visual and Aesthetic Qualities	2-113

Chapter 3: Alternatives

A.	Screening Process - Stage I Alternates	3-1
1.	Stage I Overview	3-1
2.	Initial Stage I Alternates 1-4 Study Corridors	3-3
a.	Description	3-3
b.	Traffic Characteristics of Initial Stage I Alternates 1-4	3-3
c.	Engineering Features of Initial Stage I Alternates 1-4	3-8
d.	Socio-Economic Features of Initial Stage I Alternates 1-4	3-9
e.	Environmental Features of Initial Stage I Alternates 1-4	3-9
f.	Public Response to Initial Stage I Alternates 1-4 (November 18-19, 1992)	3-11
g.	Elimination of Two Stage I Alternates	3-12
3.	Stage I Alternates 2 and 3	3-16
a.	Development of Refined Stage I Alternates 2 and 3	3-16
b.	Description of Refined Stage I Alternates 2 and 3	3-19
c.	Cost Estimate for Refined Stage I Alternates 2 and 3	3-23
d.	Engineering Features of Refined Stage I Alternates 2 and 3	3-24
e.	Socio-Economic Features of Refined Stage I Alternates 2 and 3 ...	3-25
f.	Environmental Features of Refined Stage I Alternates 2 and 3	3-26
g.	Stage I Downtown St. Louis Bridge Use Strategies	3-27
h.	Public Response to Refined Stage I Alternates 2 and 3 and Bridge Use Strategies (August 17-18, 1993)	3-28
4.	Stage I Conclusion	3-29
B.	Screening Process - Stage II (MIS) Alternatives	3-31
1.	Stage II (MIS) Overview	3-31
2.	First Public Meeting (March 29-30, 1995) Stage II Alternatives	3-35
a.	Initial Stage II Considered and Rejected Ideas	3-36
b.	Initial Stage II Alternatives Offered for Possible Study	3-37

c.	Public Response to Initial Stage II Alternatives	3-42
3.	Second Public Meeting (July 1-2, 1996) Stage II Alternatives	3-44
a.	Description of 1996 Stage II Alternatives	3-44
b.	Transportation Impacts of 1996 Stage II Alternatives	3-50
c.	Social, Economic, and Environmental Assessment of 1996 Stage I Alternatives	3-50
d.	Cost and Financial Analysis of 1996 Stage II Alternatives	3-58
e.	Public Presentation of 1996 Stage II Alternatives	3-61
f.	Public Response to 1996 Stage II Alternatives	3-62
C.	Description of Draft EIS Alternatives	3-68
1.	No-Build Alternative	3-68
2.	Traffic Control	3-69
a.	Description	3-69
b.	Components	3-69
c.	Jurisdictional/Agency Coordination	3-70
d.	Capital and Operating Costs	3-72
3.	Transit Pricing	3-73
a.	Description	3-73
b.	Jurisdictional/Agency Coordination	3-73
c.	Operating Costs	3-74
4.	Build Alternative	3-74
a.	Refinements following Stage II (MIS)	3-74
b.	Description	3-75
c.	Downtown St. Louis Bridge Use Strategies	3-94
d.	Capital and Operating Costs	3-97
5.	Toll Financing	3-98
a.	Description	3-98
b.	Toll Plazas	3-99
c.	Capital and Operating Costs	3-102
6.	Traffic Projections	3-103
a.	Traffic Demand Forecasting Model Results	3-103
b.	CORSIM Model Analysis	3-108
c.	Traffic Features	3-115
d.	Transit Effects	3-119

Chapter 4: Environmental Consequences

A.	Social/Economic	4-1
1.	Community Changes	4-1
a.	Communities	4-1
b.	Public Facilities	4-11
c.	Residential Relocations	4-12
2.	Environmental Justice	4-12
a.	Adverse Effects and Concomitant Conditions	4-12
b.	Determination of Disproportionately High and Adverse Effects	4-22
3.	Business Relocations	4-23

- a. Acquisition of Commercial Property 4-23
- b. Effects on Barge Operations 4-27
- c. Effects on the Railroads 4-28
- d. Effects on AmerenUE 4-31
- 4. Land Use Changes 4-32
 - a. Benefits from Improved Accessibility 4-32
 - b. Potential Development Opportunities 4-33
- 5. Employment 4-34
- 6. Tax Revenue Effects 4-41
- 7. Agriculture 4-42
- B. Cultural** 4-42
 - 1. Illinois 4-42
 - a. Historic/Architectural Effects 4-43
 - b. Archeological Effects 4-43
 - 2. Missouri 4-45
 - a. McGuire Moving & Storage (N21) 4-45
 - b. Thomas & English Coatings (N23) 4-46
 - c. Central Waste Material Co. (N86) 4-50
 - d. Central Waste Material Co. (N87) 4-50
 - e. Dieticker Moving & Storage (N109) 4-50
 - f. Eugene Field House Museum (NR1) 4-51
 - g. Archeological Resources 4-53
- C. Air Quality** 4-53
 - 1. Mesoscale Analysis 4-54
 - 3. Microscale Analysis (Carbon Monoxide Analysis) 4-54
 - a. One-Hour Carbon Monoxide Concentrations 4-55
 - b. Eight-Hour Carbon Monoxide Concentrations 4-55
 - c. Conformity Determination for CO 4-56
- D. Noise** 4-56
 - 1. Traffic-Generated Noise Levels 4-56
 - a. Missouri Noise Receptor Locations 4-56
 - b. Illinois Noise Receptor Locations 4-58
 - c. Comparison of Build and No-Build 4-58
 - 2. Consideration of Abatement Measures 4-59
 - a. Proposed Noise Abatement Measures 4-60
 - b. Construction Noise 4-70
- E. Natural Resources** 4-70
 - 1. Geology and Soils 4-70
 - a. Bedrock Geology 4-70
 - b. Surficial Deposits 4-71
 - c. Soils 4-72
 - d. Seismicity 4-73
 - 2. Groundwater Resources 4-74
 - 3. Vegetation and Cover Types 4-75
 - a. Construction Impacts 4-75

	b.	Operational Impacts	4-76
	c.	Landscape Restoration	4-76
2.		Wildlife Impacts	4-76
	a.	Birds	4-77
	b.	Mammals	4-78
	c.	Reptiles and Amphibians	4-78
3.		Threatened and Endangered Species	4-78
	a.	Decurrent False Aster	4-78
	b.	Snowy Egret, Little Blue Heron, Black-crowned Night Heron, and Common Moorhen	4-81
	c.	Pallid Sturgeon	4-83
F.		Surface Water Resources/Water Quality	4-83
1.		Construction Impacts	4-84
	a.	Mississippi River	4-84
	b.	Cahokia Canal	4-85
	c.	Oxbow	4-86
	d.	Milam Landfill Lake	4-86
	e.	Old Cahokia Creek	4-87
2.		Operational Impacts	4-87
3.		Maintenance Impacts	4-88
4.		Measures to Minimize Harm	4-89
G.		Floodplains	4-90
H.		Wetlands	4-94
1.		Construction Impacts	4-94
2.		Operational and Maintenance Impacts	4-103
3.		Avoidance Alternatives	4-104
4.		Measures to Minimize Harm	4-106
5.		Wetland Compensation	4-106
I.		Special Waste	4-110
1.		Hazardous Waste	4-111
2.		Non-Hazardous Waste	4-112
3.		Mitigation/Soil Management	4-113
J.		Special Lands	4-117
1.		Illinois Parks	4-117
2.		Missouri Parks	4-118
	a.	Cochran Gardens Ballfields	4-118
	b.	Carr Square Park	4-118
	c.	Jefferson National Expansion Memorial	4-121
K.		Visual and Aesthetic Impacts	4-121
1.		Mississippi River Bridge	4-121
2.		Illinois Approach Improvements	4-122
3.		Missouri Approach Improvements	4-127
L.		Permits	4-128
M.		Construction Impacts	4-142
1.		Main Span	4-142

2.	Air Quality	4-143
3.	Noise	4-144
4.	Groundwater	4-145
5.	Water Resources	4-145
6.	Erosion Control	4-145
7.	Traffic Management	4-146
N.	Secondary and Cumulative Impacts	4-147
O.	Summary of Mitigation Measures	4-151
1.	Socioeconomic	4-151
2.	Cultural Resources	4-152
3.	Noise	4-152
4.	Wetlands and Threatened & Endangered Species	4-153
5.	Special Lands	4-154
6.	Aesthetic Enhancements	4-155

Chapter 5: Financial Analysis

A.	Proposed Project Funding Scenarios	5-1
1.	Funding Approach for TSM Alternative	5-1
2.	Traditional Funding Approach for Full Build Alternative	5-2
3.	Toll Funding Options for Full Build Alternative	5-7
4.	Other Possible Funding Options	5-10
B.	Financial Feasibility Analysis	5-13
1.	Construction Costs	5-13
2.	Operation and Maintenance Expenses	5-14
3.	Life-Cycle Costs	5-15
4.	Comparison of Benefits and Costs	5-15
5.	Cash Flow Analysis	5-17
6.	Sensitivity Analysis	5-20

Chapter 6: Section 4(f) Evaluations

A.	Historic Properties Section 4(f) Evaluation	6-1
1.	Description of Proposed Action	6-1
2.	Description of Section 4(f) Historic Properties	6-1
a.	Gateway Refrigeration (N2)	6-1
b.	Alpers Jobbing (N34)	6-1
c.	Sang Fah Wholesale (N50)	6-2
d.	M&L Foods (N91)	6-2
3.	Impacts on the Section 4(f) Properties	6-2
4.	Summary of Alternatives to Avoid Section 4(f) Property Impacts	6-2
a.	No-Build Alternative	6-4
b.	South Bridge Build Alternative/MIS Options	6-4
c.	Shifting the North River Crossing Alignment Northward or Southward	6-4
5.	Measures to Minimize Harm to the Section 4(f) Historic Properties	6-6
6.	Coordination	6-6
B.	Parkland Section 4(f) Evaluation	6-7

1.	Description of Proposed Action	6-7
2.	Description of Section 4(f) Parkland Property	6-7
3.	Impacts on the Section 4(f) Property	6-8
4.	Summary of Alternatives to Avoid Section 4(f) Property Impacts	6-11
	a. No-Build Alternative	6-11
	b. South Bridge Build Alternative/MIS Options	6-11
	c. Shifting Poplar Street Bridge Approach Ramps/Local Access Improvements	6-14
5.	Measures to Minimize Harm to the Section 4(f) Parkland Property	6-14
6.	Coordination	6-15

Chapter 7: Comments and Coordination

A.	Summary of Coordination	7-1
1.	City of St. Louis/Downtown Now	7-1
2.	National Park Service	7-2
3.	U.S. Coast Guard	7-2
4.	NEPA/404 Merger Agreement	7-3
5.	Historic Preservation Program	7-3
6.	North Broadway Business Association	7-3
B.	Illinois Corridor Protection Public Hearing	7-3
C.	Public Involvement	7-4

List of DEIS Recipients

A.	Federal Agencies	R-1
B.	State Agencies	R-1
C.	Local Agencies	R-2
D.	Libraries	R-3
E.	Others	R-3

List of Preparers

A.	Federal Highway Administration	P-1
B.	IDOT--Bureau of Design and Environment	P-1
C.	IDOT--District 8	P-2
D.	MoDOT--Central Support	P-3
E.	MoDOT--District 6	P-3
F.	Consultant--Sverdrup Civil, Inc.	P-4

LIST OF TABLES

1.1	Reduced Daily Travel Delay on Poplar Street Bridge Approaches	1-5
1.2	Projected Number of Traffic Crashes on Selected Interstates in Year 2020	1-7
2.1	1980-1990 Population Change by Race and Year 2020 Projection	2-8
2.2	1990 Age Distribution of Study-Area Population	2-9
2.3	Number of Residential Units by Year Structure Built	2-10
2.4	Percentage Distribution of Residential Units by Year Structure Built	2-10
2.5	1990 Occupational Distribution for Residents of Brooklyn/East St. Louis Neighborhoods	2-11
2.6	1990 Occupational Distribution for Residents of St. Louis Neighborhoods	2-12
2.7	1980-1990 Persons Below Poverty Line	2-12
2.8	Selected 1990 Socioeconomic Characteristics for Brooklyn/East St. Louis Study-Area Neighborhoods	2-14
2.9	Selected 1990 Socioeconomic Characteristics for St. Louis Study-Area Neighborhoods	2-14
2.10	Historic, Archeological, and Cultural Resources in Illinois	2-18
2.11	Historic, Archeological, and Cultural Resources in Missouri	2-19
2.12	Summary of National and State (Illinois and Missouri) Ambient Air Quality Standards	2-22
2.13	FHWA Noise Abatement Criteria (NAC)	2-25
2.14	Noise Receptors and Readings	2-29
2.15	Illinois Subarea Water Well Locations	2-36
2.16	Groundwater Quality Data	2-42
2.17	Cover Types within 305 m (1,000 ft) of Project Corridor	2-46
2.18	Bird Species Observed During Avian Census	2-50
2.19	Reptile and Amphibian Species Known or Likely to Occur in the Project Area	2-53
2.20	Decurrent False Aster (<i>Boltonia decurrens</i>) Colonies and Associated Habitats	2-61
2.21	Water Quality Data for the Mississippi River	2-76
2.22	Water Quality Data for the Cahokia Canal near Collinsville	2-78
2.23	Sediment Concentrations of Organic Contaminants, Metals, COD, and Nutrients in Cahokia Creek	2-79
2.24	Wetlands Along Proposed Right-of-Way	2-92
2.25	Potential Illinois (I-70) Special Waste Sites	2-104
2.26	Potential Illinois (I-64) Special Waste Sites	2-104
2.27	Potential Missouri Special Waste Sites North of Downtown	2-106
2.28	Potential Missouri Special Waste Sites South of Downtown	2-108
3.1	Stage I Corridor Location Criteria	3-5
3.2	Stage I - Year 2020 River Crossing Traffic	3-7
3.3	Summary of Selected Environmental Effects for Stage I Alternates	3-10
3.4	Summary of Stage I Initial Alternates 1-4 Public Comment Forms	3-13
3.5	Summary of Public Criteria Ranking Forms	3-14
3.6	Preliminary Cost Comparison for Stage I Alternates 2, 2A, and 2B	3-19
3.7	Proposed Stage I Alternate 2 Traffic Movements by Interchange	3-20

3.8	Proposed Stage I Alternate 3 Traffic Movements by Interchange	3-22
3.9	Preliminary Stage I Alternates 2 and 3 Cost Estimates	3-24
3.10	Major Potential Known Hazardous Waste Findings	3-26
3.11	Summary of Alternates 2 and 3 Public Comment Forms	3-30
3.12	Study Committee Membership	3-32
3.13	Sequence of MIS Development	3-33
3.14	Representative Listing of Meetings with Governmental Bodies, Major Employers, and Property Owners	3-34
3.15	First Public Meeting Stage II Alternatives	3-35
3.16	Project Exposure March 29-30, 1995 Meeting Series	3-43
3.17	Project Participation March 29-30, 1995 Meeting Series	3-43
3.18	Percentage of Community Agreement on SMG-Recommended Options	3-44
3.19	Alternatives Studied in Detail in the MIS	3-45
3.20	Definitions of Alternatives as Modeled	3-46
3.21	Key Stage II (MIS) Transportation Impacts	3-52
3.22	Secondary Stage II (MIS) Transportation Impacts	3-53
3.23	Key Stage II (MIS) Estimated Social, Economic, and Environmental Impacts	3-54
3.24	Secondary Stage II (MIS) Estimated Social, Economic, and Environmental Impacts	3-55
3.25	Three Point Ranking Descriptions	3-57
3.26	Key Stage II (MIS) Cost and Financial Impacts	3-59
3.27	Secondary Stage II (MIS) Cost and Financial Impacts	3-60
3.28	Second Public Meeting Stage II (MIS) Alternatives	3-62
3.29	Stage II (MIS) Traffic Effects Comparison	3-63
3.30	Stage II (MIS) Development, User Benefit, and Neighborhood Effects Comparison	3-64
3.31	Project Exposure July 1-2, 1996 Meeting Series	3-65
3.32	Project Participation July 1-2, 1996 Meeting Series	3-65
3.33	Percentage of Community Agreement on SMG-Recommended Options	3-66
3.34	Endorsements from Major Employers, Civic Groups, and Governmental Entities	3-67
3.35	Traffic Control Measures Cost Estimate	3-72
3.36	Build Alternative Ramp Movements	3-76
3.37	Design Criteria	3-85
